ABSTRACT

This publication provides a detailed listing of enrollment of candidates for advanced degrees at each institution of higher education in each academic field. Overall summaries of 1968 enrollments for advanced degrees are presented in tables 1 and 2. Table 1 reports enrollment for master's and doctoral degrees, and table 2 reports enrollment for first-professional degrees in selected fields. Table 3, comprising the bulk of the report, lists institutional enrollments in alphabetical order by state within each subject field. (Author/HS)

INTRODUCTION

This publication provides a detailed listing of enrollment of candidates for advanced degrees at each institution of higher education in each academic field. It is based on the U. S. Office of Education's 10th annual survey of enrollment for advanced degrees and is a companion report to Students Enrolled for Advanced Degrees, Fall 1968: Summary Data. That report presents extensive summary information by field of specialization, level of enrollment, sex of student, attendance status, State, and institutional level and control.

Overall summaries of 1968 enrollments for advanced degrees are presented in tables 1 and 2 of this report. Table 1 reports on enrollment for master's and doctor's degrees, and table 2 reports on enrollment for first-professional degrees in selected fields. Table 3, making up the bulk of the report, lists institutional enrollments in State order within each subject field.

The students surveyed were classified by levels of study--first-year, intermediate, and terminal--and by attendance status--full-time or part-time. First-year students had completed less than 1 full year of required study for an advanced degree. Terminal students were expected to complete all requirements for the doctorate or the first-professional degree by June 30, 1969. Intermediate students were between those two groups. (The levels of study are defined in sections F and I of the survey instructions, shown in the appendix). A full-time student was one whose academic load was at least 75 percent of the normal student load (course work or other required activity) as defined by the institution. Students with less than 75 percent of the normal load were classified as part-time.

This report is based on data for a total of 819 institutions. So far as Office of Education staff could determine, the other 1,676 institutions in the fall 1968 higher education survey universe had no candidates for advanced degrees. Of these 819 institutions, 12 failed to provide data on their 1968 enrollments. For these institutions, data from the 1967 survey (or, in two cases, from the 1966 survey) were used as shown on the following page:

Institution	Most recent report	Number of candidates Master's and doctor's	 First professional
Total	--	7,787	1,683
Berkeley Baptist Divinity School (California)	1967	7	37
California State College at Hayward	1967	451	-
San Francisco State College (California)	1967	2,963	-
Yale University (Connecticut)	1966	2,335	860
John Marshall Law School (Illinois)	1966	287	755
Bexley Hall (New York)	1967	-	31
Niagara University--Seminary of Our Lady of Angels (New York)	1967	19	-
Vassar College (New York)	1967	8	-
Oberlin College (Ohio)	1967	63	-
Wright State University (Ohio)	1967	543	-
University of Rhode Island	1967	991	-
Tennessee Agricultural and Industrial State University	1967	120	-

Since these 12 institutions accounted for only 1.1 percent of master's and doctor's candidates and 1.2 percent of first-professional candidates, substitution of noncurrent data for these institutions did not seriously distort the overall summary figures in tables 1 and 2. Figures reported for each of the 12 institutions in table 3, however, must be interpreted with some caution. Year-to-year variations undoubtedly occurred in many of the fields of study at these institutions.

In addition to the 12 institutions that did not provide survey data, four institutions were unable to provide separate counts by sex of student. For these institutions (Fresno State College, California; Humboldt State College, California; Memphis State University, Tennessee; and Marshall University, West Virginia) the Office of Education estimated the missing breakdowns proportionate with the previous year's data.

APPENDIX - Reproduction of Survey Form

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
OFFICE OF EDUCATION
WASHINGTON, D.C. 20202

BUDGET BUREAU NO.: 51-R0568
APPROVAL EXPIRES: 6/30/70

INSTRUCTIONS FOR COMPLETING OE FORM 2300-2.5, HIGHER EDUCATION GENERAL INFORMATION SURVEY - SCHEDULE V. - STUDENTS ENROLLED FOR ADVANCED DEGREES, FALL 1968

Please read the definitions and instructions before entering the data for your institution. If you need additional clarification on any of the items, please call Dr. Marjorie Chandler, 202-962-7301 in Washington, D.C.

If your institution does not grant advanced degrees, please "X" here ☐ and enter the name and address of your institution and return this form. Enter the name and address of your institution in Item 3, Page 1.

DEFINITIONS AND INSTRUCTIONS

STUDENTS ENROLLED FOR ADVANCED DEGREES, FALL 1968

General

A. PURPOSE: The purpose of this schedule is to ascertain the number of students enrolled this term for advanced degrees, the students' fields of specialization, their progress toward their degrees, and the numbers who are expected to complete the requirements for the doctoral or selected professional degrees by June 30, 1969.

B. SCOPE OF THE SURVEY: This is not a survey of all students taking graduate study, but of all enrolled for a degree beyond the baccalaureate.

1. Students to be included in the report:
    a. Include in Part A all students enrolled for a master's degree; for a 6-year degree such as Education Specialist *(Ed. S.)*, Civil Engineer *(C.E)*, etc.; and for the doctorate *(Ph.D., Ed. D., etc.)*
    b. Include in Part B all students enrolled for first-professional degrees in Dentistry *(D.D.S. or D.M.D. only)*, Law *(LL.B. or J.D. only)*, Medicine *(M.D. only)*, Theology *(B.D. only)*, Veterinary Medicine *(D.V.M. only)*, Chiropody or Podiatry *(D.S.C. or Pod.D.)*, Optometry *(O.D.)*, and Osteopathy *(D.O.)*. Students in these fields enrolled for degrees beyond these specifically named here should be reported in Part A.
    c. Include in Parts A and B students enrolled for an advanced degree on the main campus, on a branch campus, or in an extension center.
2. Students to be excluded from this report:
    a. Students who, although known to be working on degree requirements, are not formally enrolled this term.
    b. Students enrolled in graduate-level curriculums which lead to increased professional competence, but which do not terminate in an advanced degree. Students in certificate programs, for school principals for example, should be excluded.
    c. "Special" and "unclassified" students taking courses at the levels requested, but not enrolled for degrees.
    d. Post-doctoral students.
    e. Students enrolled at a branch or extension center in a foreign country.

C. TIME PERIOD: Report only those students enrolled as of the fall term *(1968-69)* of the current academic year.

PART A--STUDENTS ENROLLED FOR MASTER'S AND HIGHER DEGREES

D. GROUPING OF SUBJECT-FIELDS: Please examine Part A of this schedule to observe how the various fields of study have been grouped. Each subject group is divided to indicate enrollment by men *(M)* and women *(W)*. All of the subject-fields have been classified under the following 26 capitalized headings:

1000	AGRICULTURE
1400	ARCHITECTURE
1700	BIOLOGICAL SCIENCE
2000	BUSINESS AND COMMERCE
1500	CITY PLANNING
2100	COMPUTER SCIENCE AND SYSTEMS ANALYSIS
2300	EDUCATION
2600	ENGINEERING
2900	ENGLISH AND JOURNALISM
3200	FINE AND APPLIED ARTS
3300	FOLKLORE
3500	FOREIGN LANGUAGES AND LITERATURE
3800	FORESTRY
4100	GEOGRAPHY
4400	HEALTH PROFESSIONS
4700	HOME ECONOMICS

5300	LIBRARY SCIENCE
5600	MATHEMATICAL SUBJECTS
6500	PHILOSOPHY
6800	PHYSICAL SCIENCES
7100	PSYCHOLOGY
7300	RECORDS MANAGEMENT
7400	RELIGION
7700	SOCIAL SCIENCES
8300	BROAD GENERAL CURRICULUMS AND MISCELLANEOUS FIELDS

If your institution does not enroll students for advanced degrees in one of the 26 subject areas listed above, you may skip all of the items under that heading. Thus, most registrars will properly skip the entire section headed AGRICULTURE. Similarly, many will properly skip the sections on HEALTH PROFESSIONS and on RELIGION. Many specialized professional schools will skip the section on EDUCATION. Technological schools will generally skip the section on FINE AND APPLIED ARTS. Men's colleges will skip the section on HOME ECONOMICS. Appropriate skipping can speed the completion of your report without injury to quality or accuracy.

E. CLASSIFICATION OF ENROLLMENT BY FIELD OF STUDY: Students should be reported in the fields in which they are specializing, regardless of the department, division, or college in which they are enrolled. For example, students specializing in Agricultural Engineering should be reported in item 2606 under the broad area of Engineering even though they may be receiving their training in the school of Agriculture.

1. Please classify enrollment into fields of study as specifically as the list on the schedule permits. Example: Enrollment in an Accounting curriculum should be reported as Accounting *(Item 2002)*, NOT in Business and Commerce, General *(Item 2001)*.

2. Enrollment in fields of study which are not listed should be consolidated with the listed fields if such consolidation is descriptive of the specialization. Thus,

   Sculpture should be reported in Fine and Applied Arts, other major fields *(Item 3213)*;

   Astrophysics should be reported in Astronomy *(Item 6804)*;

   Geochemistry should be reported in Earth Science, all other *(Item 6828)*;

   Criminology should be reported in Sociology *(Item 7725)*;

   Police Administration should be reported in Applied Social Sciences, all other *(Item 7746)*;

   Industrial Design should be reported in Fine and Applied Arts, other specific major fields *(Item 3213)* or in Architecture *(Item 1400)*-- depending on the nature of the curriculum; and so on.

3. Fields of Study Offered By Your Institution For the First Time This Term: If enrollments are reported in fall 1968 for the first time, in a field of study new to your institution, please place an "X" beside the item number. This may save correspondence later regarding the entry.

4. Inter-area fields of study: Item 8313 is for reporting fields of specialization which represent two or more broad SUBJECT AREAS. For example, MASS COMMUNICATIONS, encompassing segments of PSYCHOLOGY, EDUCATION, BUSINESS, JOURNALISM, SOCIAL SCIENCES, FINE ARTS, etc., should be reported here. Specify the name of the inter-area field of study, when reporting in Item 8313.

5. If the field of study does not fit into any of the listed fields, report in Item 8314, Field of Study Not Classifiable in Items 1000 through 8313 above.

6. If there is no information about the field of study, report the enrollment in Item 8399, Field of Study Not Identified.

7. A cross-reference listing of related fields of study appears at the start of each subject-area on the form. Your attention to these lists will be appreciated.

8. Note that the listing of fields of study within each broad subject area has a similar structure. The first field of study in the list is the general curriculum in the subject area *(with no further specialization)*; the next-to-last field of study is for reporting fields of study within the subject area which are not listed; and the last category is for reporting enrollment where the field of study within the subject area is not known--where there is no information on the specialization within the subject area.

F. CLASSIFICATION OF ENROLLMENT BY LEVEL OF STUDY: To be consistent with the categories of fellowship support used by the National Institutes of Health and the National Science Foundation, please classify enrollment into the following categories:

1. Students who have completed less than one full year of required study for an advanced degree.--Report in columns 5-6 students who, prior to this term, had completed less than two semesters or three quarters of full-time graduate study or the equivalent in part-time study. Note that these students are identified by the amount of study completed prior to this term, rather than the number of semesters or quarters in which they have been enrolled. Work required because of lack of undergraduate background is not to be included in computing amount of study completed.

2. Students who have completed one or more years of required study but who are not expected to complete all doctoral requirements by June 30, 1969.--Report in columns 7-8 students who, prior to this term, had completed two semesters or three quarters or more of full-time study or the equivalent in part-time study for an advanced degree but who are not expected to complete all doctoral requirements by June 30, 1969.

3. Students who are expected to complete all doctoral requirements by June 30, 1969.--Report in columns 9-10 the ESTIMATED number of students who are expected to complete all DOCTORAL *(Ph.D., Ed.D., etc.)* requirements by June 30, 1969.

G. CLASSIFICATION OF ENROLLMENT BY ATTENDANCE STATUS: A full-time student is one whose academic load in terms of course work or other activity *(such as a thesis, research, or teaching)* is at least 75% of that normally required of such students. Time spent by teaching fellows should be included only if such teaching is performed as a requirement for a degree. Employment which is not a part of the prescribed activity for an advanced degree should not be counted as time spent on graduate work. A part-time student is one who is carrying an academic schedule of less than three-fourths the normal load.

H. PLEASE EXPLAIN exceptionally large increases or decreases in specific fields of study, the absence of enrollment in previously reported curriculums, etc.

PART B--STUDENTS ENROLLED FOR PROFESSIONAL DEGREES IN SELECTED FIELDS

I. CLASSIFICATION OF ENROLLMENT BY LEVEL OF STUDY:

1. Report in columns 5-6 those students who have completed the previous college work *(pre-professional training)* required for admission to the professional school but who, prior to this term, had completed less than two semesters or three quarters of full-time study or the equivalent in part-time study in the professional school. Note that these students are identified by the amount of study completed prior to this term, rather than the number of semesters or quarters in which they have been enrolled. Work required because of lack of preprofessional background is not to be included in computing amount of study completed.

2. Report students who have completed one or more years of required study but who are not expected to complete all requirements for the professional degree by June 30, 1969, in columns 7-8 of Part B. Report in these columns students who, prior to this term, had completed two semesters or three quarters or more of full-time study or the equivalent in part-time study for the professional degree but who are not expected to complete all requirements by June 30, 1969.

3. Report students who are expected to complete all requirements for the professional degree by June 30, 1969, in columns 9-10 of Part B.

J. CLASSIFICATION OF ENROLLMENT BY ATTENDANCE STATUS:

See paragraph G above.
